

Ontario Brain Injury Association

Brain Basics

Certificate Course

March 9 & 10, 2015

8:30 am – 4:30 pm

Portsmouth Olympic Harbour

Kingston, Ontario

This provincial training program is designed to provide **frontline staff** with a readily understandable introduction to the world of Brain Injury. Attendees of the two-day training will receive a certificate of completion issued by the **Ontario Brain Injury Association**.

Goals include:

- ⇒ Understand the structure and function of the brain,
- ⇒ Appreciate the consequences of a Acquired Brain Injury.
- ⇒ Acquire practical strategies to work effectively with people living with the effects of ABI
- ⇒ Understand the roles of the various people who form the care team

With support from **Bergeron Clifford Injury Lawyers**, the usual registration fees of \$250 will be reduced to \$125 with the remaining half paid by Bergeron Clifford.
